

Dear colleagues,

Thank you all for your interest in the Congress of the CISA “Adriatic networks: people, goods, ideas”. Please note that while we are waiting for the latest confirmation of participation we are preparing the final program that we will send you by the end of the month.

In the meantime it seems useful to give you some preliminary information on the provisional program so that you can organize yourself in time, especially with regard to accommodation: we would like to remind you that in Macerata in June there will be many events (including Musicultura at the same time as the Congress) and that therefore it will not be easy to find an accommodation not too far from the center if not planned a little early.

The Congress will take place in Macerata between **23th and 24th June 2022** from 9:00 am to 19:30 pm. The **morning of June 25th** is scheduled the assembly of CISA members, while in the afternoon there will be a visit to the excavations of the University of Macerata in *Urbs Salvia/Villa Magna*.

This is the link to the CISA website, which is still under construction, but will be active soon: <http://adria-cisa.eu/>

Please find below a list of accommodation that you can contact. Following are the indications on how to reach Macerata depending on transport.
